**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are long time customers of our local internet company. We are very happy with them. Their customer service is outstanding.

We are strong supporters of broadband competition. We believe competition can keep costs down. We also like to have choices for what is best for us.

We have Comcast/Xfinity for our television. I would never want them for our internet. They just keep raising the prices and service just gets worse. If they were our only choice for internet I am sure it would be the same, prices too high and bad service.

We used to have AT&T for our landline telephone. Again the prices just kept going up. Our Sonic.net bill for internet and landline is much more affordable and they are always trying to sell us more stuff.
